מטעמי זרע אברהם פרשת נח

Last Week's Question:
What does נח מצא חן mean? And why does the term only used in the context of Noach to describe Hashem's view of him, and by no other personality in the Torah?
Answer Received:
This is in line with the idea that Noach was not a Tzaddik of the caliber of Avraham Avinu, and had he lived in in Avraham Avinu's generation he would not have been considered any important at all. But nevertheless, in comparison with those around him, he was outstanding, and therefore found grace.

Parsha Delight Question

What does Lot travelled "from the east". This was in order to go to Sedom. Wasn't Sedom on the east of Eretz Yisroel - in which case to get to Eretz Yisroel one must travel "from the west"? So, why does it state that he travelled from the east?
